### **VERSE 1**

Long ago and late one late  
Angels came in glorious light  
Singing songs about a Savior  
That was born  
He came down from Heaven above  
To bring us perfect peace and love  
Things were changed forever  
On that Christmas morn

### **PRE-CHORUS**

No better news was ever told

### **CHORUS**

God loved us all so much  
He gave us His only Son to save us  
The angels sang the shepherds saw  
Then wise men came to bow  
God knew everything we needed  
And so He sent us Jesus  
The greatest gift in the world  
Is with us now

### **VERSE 2**

Shepherds heard and ran to see  
What the angels said would be  
And in Bethlehem they found that it was true  
In a manger was a boy  
Who would bring the world great joy  
So they went out telling everyone they knew

### **ENDING**

You're with us  
You're with us  
You're with us  
You're with us now  
(repeat)
